

UK NEQAS for Point of Care CRP Testing

Monitoring the performance of your POCT device

Q. Why Externally Quality Assess POCT?

Provides you with the confidence that the **right result** from the right test is produced at the right time

Provides evidence of monitoring the performance of your device should any patient issues arise

Q. Why Choose UK NEQAS?

Helpful & polite staff on hand to help with **troubleshooting** & **training**

Frequent distributions of EQA samples to identify performance issues promptly

Easy format of web-based data entry and report retrieval for your EQA results

Easy to interpret EQA reports to identify any performance issues

Value for money
Not for profit organisation

Continuous education and support linked to clinical best practice
